RE: EBA REPORT BACK MEETING

Members/employees are invited to attend a meeting that will report back on the progress of negotiations toward finalising a new union collective agreement for EAA Sydney.

A further round of negotiations occurred in Sydney on 4th April 2007 and arising from this session, your EBA negotiating team believe that significant progress has been made.

Both parties have agreed to do further work over the next few weeks before reconvening for a further EBA meeting to be held on Thursday 26th April 2007. The aim is to try and finalise a new EBA document for your consideration during May/June.

Prior to the next meeting, your negotiators believe it is important that a report back meeting be held with you to brief you on the latest developments and seek your feedback and a mandate to move forward to finalise a new agreement to replace the current EBA IV 2003-2006.

Meeting to be held from 5.30pm on Tuesday 10th April 2007 at the upper smoko room at Hangar 85.

ALAEA Industrial Officer Noel Speers, employee Reps Lee Rushworth and Greg Cooper will provide the report back on the EBA negotiations. We look forward to your attendance – have your say on your new agreement.

Noel Speers
Industrial Officer

"To undertake supervise and certify for the safety of all who fly."
