❖ NOTICE ❖

TO: ALL FORSTAFF AMEs

RE: CASA BASICS

The ALAEA is interested to know how many AMEs have completed all the CASA Basics in their trade stream and are waiting to be considered for a type course.

The reason for knowing this information is so that we can take it to Forstaff and Qantas and try and persuade them to conduct some type training for our loyal AMEs rather than recruiting LAMEs externally. It just does not seem fair that non-relevant LAMEs get recruited and our long serving AMEs continue to be neglected.

All AMEs who have completed their basics in their trade stream should contact their ALAEA Shift Rep, or the Forstaff Councillors Danny Morarji and Paras Parasram, and give their details which should include:

- Full Name, Hangar/Shift, Trade Stream
- Category(s) in which all basics have been passed
- Date when this was achieved

Your prompt attention to this would enable us to approach Forstaff and Qantas management to discuss type training for you.

Paras Parasram
Forstaff Councillor
