2014 RAAA National Convention Announces Social and Networking Program

The 2014 RAAA National Convention will be held at the Crowne Plaza, Hunter Valley, NSW, 8 to 10 October. The Convention is a premier aviation event held over two days and is an excellent forum to stay on top of technical knowledge, discuss major aviation issues, set industry directions and build important business relationships.

To enhance the Conference and Trade Show, the Convention also has an impressive social and networking program, commencing on Wednesday with the traditional RAAA Golf Challenge. This popular event is an Ambrose competition with a shotgun start, on the Crowne Plaza Golf Course. For many, the event is not so much about good golf, but more about a swing of the clubs with good friends.

The Welcome Function will take place on the picturesque poolside terraced area at Crowne Plaza on Wednesday night. With the move to Crowne Plaza in 2014, the Welcome Function will take cues from the fabulous food, wine and entertainment the Hunter Valley Region has to offer.

The popular Oktoberfest will be held on Thursday evening with traditional German fare, music and entertainment creating the atmosphere of an authentic German festival.

The RAAA National Convention concludes on Friday night with a magnificent dinner at Hope Estate Winery. Guests will enjoy drinks on the lawn overlooking the rolling hills and vineyards and in the historic "Great Cask Hall". Dinner and final night celebrations will be set amongst the barrels and wine production workings of the winery. A highlight of the evening will be the awarding of the prestigious RAAA Scholarships to invest in and promote the future of the industry.

The Hunter Valley Wine Festival is being hosted by the Crowne Plaza on Saturday 11 October, offering RAAA delegates an opportunity to extend their stay and enjoy the Hunter Valley experience.

More information about the 2014 RAAA National Convention can be viewed at www.raaa.com.au.
